Proof of scheduled maintenance services includes maintenance records that show mileage, date of maintenance service, VIN and the maintenance that was performed. Scheduled maintenance services require periodic service checks based on mileage intervals and the make and model of your vehicle. Please review the Owner’s Guide for your scheduled maintenance service requirements. If you perform your own scheduled maintenance services, you must maintain a log, including date, mileage and description of each maintenance service, and provide corresponding receipts for purchases of parts and fluids.
