

## 12.1" INTEGRATED COMPUTER SCREEN (ICS)

**Cut the clutter with this 12.1" computer touchscreen available on the Ford Police Interceptor® Utility.** The ICS is smartly stationed within easy reach and clear view at the top of the instrument panel center stack. It allows you to store portable computers out of the way, freeing up valuable room in the front row of the cabin.

## FREE UP SPACE FOR A TIDY WORKPLACE

**Add the available factory-installed, factory-warranted<sup>1</sup> 12.1" Integrated Computer Screen (ICS) when you place your Police Interceptor<sup>®</sup> Utility order.**

This gives you the freedom to stash away your laptop in the cargo bay, where you can connect directly to the ICS system. Cable hookup is easy, and it helps ensure utmost security and speed. No special software is required for connection and operation.

**Centrally located, the substantial 12.1" touchscreen mirrors the laptop display and potentially eliminates the need for a standalone keyboard.** Vehicle audio controls are accessible via the ICS unit. And SYNC<sup>®</sup> 3<sup>2</sup> voice-activated technology is included.

**In addition to the available built-in ICS, you're fortified with the following associated hardware:**

- One (1) Audio Video Extender (AVX) box
- Two (2) AVX cables
- Two (2) USB cables
- One (1) HDMI cable

**Perform your daily duties in a neat, streamlined manner when you equip your Police Interceptor Utility with the 12.1" Integrated Computer Screen option.** Simply select Order Code 47E.

<sup>1</sup>See your dealer for limited-warranty details. <sup>2</sup>Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.
